### **Beginning and Ending of School Day**

- 1) School begins at 8:15 and ends at 3:15 (M, T, TH, and F) and at 9:50 - 3:15 on Wednesdays.
- 2) Bus riders will board the buses to go home at 3:15. The buses usually pull out about 3:20. Walkers will be dismissed after all buses are gone. If you are picking your child up, please make sure a school staff member is aware that your child is leaving with you.
- 3) The care and safety of the children is everyone's responsibility. When a student is to be picked up by the parent or after school plans are different than normal, please send a note to the teacher. Any student who is picked up before 3:00 needs to be signed out in the office. Our state funding is based on minutes of attendance per pupil, so this is a record keeping necessity.
- 4) Please do not park in front of the school between 3:00 and 3:40 as this is the bus loading area.

### **Before School and Breakfast Information**

- 1) No student (high school or elementary) should be on school grounds before 7:30 a.m. or after 3:15 p.m. unless under teacher supervision. Students should not be on school grounds unless school is in session. Pickering residents: Please help us with student safety by not allowing dogs and cats to follow "walkers" to school.
- 2) Between 7:30 and 8:10, students will go to the gym to eat breakfast or to the Kids Care room. All students will go to their classrooms at 8:10. No students should be in classrooms before 8:10 without teacher permission and supervision. No one will be allowed on the playground or to play on the front sidewalk. Students who ride bikes to school must park them and may not continue riding their bikes in front of the school.

### **Conferences**

Conferences will be held after 1<sup>st</sup> and 3<sup>rd</sup> Quarters. Every effort is made to take parent's work schedules into consideration when arranging conferences. If you have special requests that need to be considered, please let us know as soon as possible. IEP conferences will also be scheduled at this time. If other IEP meetings are needed throughout the year, those will be scheduled between 7:30 am and 4:30 pm.

### **Dress Code**

#### *Board Policy JFCA and Procedure JFCA-AP*

No rude, obscene, or offensive clothing is allowed. No alcohol, tobacco or drug themes or advertisements are allowed on clothing. No midriff, half-T-shirts, oversized tank tops, backless, halter, or spaghetti strap clothing are allowed at school. Students will be asked to change shirts, turn them inside out, or the student will not be allowed in school wearing them. No caps or hats will be worn inside the school building except on special days designated as "Cap Day".

### Early Dismissal

Dismissal for bad weather, etc. will be announced through radio stations KNIM, Maryville (97.1 FM); KMA, Shenandoah (960 AM); KFEQ, St. Joseph (680AM); and KQTV, St. Joseph (channel 2), as well as the NW Cell Alert. Please give specific instructions on your child's info sheet as to what he/she is to do in case of early dismissal. Also, any day that bad weather is forecast, a note with instructions is helpful. We will make every effort to see that your child goes home safely in the event that school is dismissed early.

### Keeping the Building Clean

- 1) Every student needs to make his or her best effort to keep our school building clean and in good shape.
- 2) NO gum is allowed at school by the students, with the exception of rewards and parties.

### Medicine to Students

#### *Board Policy JHCD and Procedure JHCD-AP*

If under exceptional circumstances, a child is required to take oral medication during school hours, the principal, nurse, or trained health designee will administer the medication in compliance with the regulations that follow:

The medication shall be in the original container, labeled with the physician's prescription. If there is more than one medication to be given they must be in separate containers. We will not give medications if they are mixed in one bottle. If a student has a diagnosis of asthma, they must have an inhaler at school in case of an emergency. A written request form (JHCD-AF) **must** be filled out with each medication. These were given out at registration and can also be obtained at school.

**Medication to be administered at school must be brought to and from the school by the parent, guardian, or other responsible adult.** This is to ensure the safety of your children by preventing the possibility of the medication getting into another student's possession or your own child taking the medication themselves. Medication may also be dropped off with the staff member on duty for Kids Care from 6:30-8:00 am or 3:15-5:30 pm each day if this works best with the parent work schedule. Oral medication that is nonprescriptive (including cough drops) may be administered under the same terms as described above. Students are not to carry medication with them to, from or while at school.

### How Sick Is Sick?

Here are some general guidelines to help you make that decision; however, you should consult your medical practitioner first.

**Chickenpox:** By the time of diagnosis, your child's classmates have already been exposed. The child may return to school when the sores are no longer draining & are scabbed over. This usually occurs in 6 to 7 days.

**Colds:** You should keep your child home with any illness that is producing a fever of 99.6 or above. If the child has a severe cough or he/she is uncomfortable, keep them home.

**Conjunctivitis (pinkeye):** This is very contagious & is spread by the fingers when contaminated from the infected eye. The student may return to school 24 hours after treatment has been started. Hand washing is very important. The child's linen should be kept separate from other family members during this time.

**Ear/Sinus Infections:** These are not contagious but often are uncomfortable. The child may return to school when fever is gone.

**Strep Throat:** If your child has a sore throat, fever, swollen glands, or a foul odor from the mouth, see a physician. If the diagnosis is strep throat, your child may return 24 hours from the first dose of prescribed antibiotics.

**Skin Infections:** Impetigo, ringworm, & scabies are spread by direct contact. Scabies can be spread from contaminated objects such as combs, clothing or towels. These conditions are usually treated with topical medications. If a diagnosis of scabies is made, the child may return the next day after treatment has been started. With impetigo, the child may return if currently under treatment and lesions covered. If ringworm of the body is diagnosed, exclusion from school is not necessary if clothing covers student's lesions. If ringworm of the scalp is diagnosed, the student may return 24 hours after treatment is started, as this is contagious. A skin rash can also be an indicator of a contagious disease. A decision will be made by the nurse/teacher regarding dismissal from school and parent will be notified. In some cases, a doctor's note may be needed to be allowed back in to school.

**Head Lice:** Throughout the school year there can be some cases of head lice. It is important that parents check their children weekly until this is under control. You may not see the lice, but can notice the eggs (nits) attached to the hair shaft. You will need to use a special shampoo for the treatment of head lice. You must remove the nits after treatment with a special rinse, such as "Clear Rinse." Shampooing is not 100% effective on nits. You will also have to manually remove them from your child's hair. Be sure to follow directions carefully & remember that a second shampooing is needed 7-10 days after the first shampooing. If live lice are found, the student will need to go home and cannot return for 24 hours to ensure the removal of the lice. The student will be rechecked after they return to school. Please report any suspected cases to the school so that clean bags may be issued for your child's things. **Feel free to contact the school nurse if you have any questions.**

### **Registration Fee**

All students in grades K-5 will be charged a \$10 registration fee to help cover costs of assignment books and supplies.

## School Lunch Program

Breakfast is offered at North Nodaway Elementary at a cost of \$1.20 (reduced - \$.30) and lunch at a cost of \$1.80 (reduced - \$.40). Seconds will be offered at an additional charge (entrée-\$1 and milk .35) for students in 3<sup>rd</sup> -5<sup>th</sup> grades. Adults will be charged \$2.60 when eating with their child. Students are required to prepay for all meals, milk and seconds. This may be done with daily, weekly, or monthly payments. One check may be used for members of the same household attending school at the elementary building (cannot include students at the MS/HS building). Please send all lunch money in an envelope with your child's name on the front so the proper account will receive credit.

When a student has one paid lunch left, a note will be sent home as a reminder. When no paid lunches remain, another note will be sent. A third note may also be sent which will need to be returned the following day. This note will require parent signature to assure that a parent has received the note. A phone call may also be made to ensure proper communication between the school and parents.

**There will be no charging of lunches after a student has accrued a bill of \$10.00 or more. If this occurs the student will need to bring their own lunch or will eat cook's choice until the bill has been paid.**

### Lunch Room Rules

- 1) Students will stand in line and sit in their seats quietly and keep their hands to themselves while they are waiting for their tray or for their teacher.
- 2) Lunch Room Expectations – one inch voices and restaurant manners will apply at all times.
- 3) Any student who continues to misbehave after warnings from the lunch room supervisor will be moved to an isolated spot to finish eating. Continued incidents may result in assigned seat away from others, loss of recess time and/or parental contact.
- 4) In our effort to encourage proper nutrition, students are expected to eat three things on their tray before they may go back for seconds. Milk may count as one of these items. On most days, a second portion of the entree will be available at an additional cost for kids in grades 3-5.
- 5) Students must ask for seconds before the last 5 minutes of their lunch shift. Slow eaters will only be given 2-3 extra minutes after the dismissal time.

### Lunch Shift Times

First Lunch Shift 11:15-11:45  
Grades K-2

Second Lunch Shift 11:45-12:15  
Grades 3-5

Preschool Lunch 11:05

### School Pictures

Individual pictures will be taken Wednesday, August 25, 2010. Picture order envelopes will be sent home. All orders with payment must be turned in to the classroom teachers before picture day. Class/group pictures will be taken in the spring. You will be given the option of an individual picture at this time also.

### Student Attendance

*Board Policy JED and Procedures JED-AP1 and AP2*

Daily attendance is obviously very important in order for your child to receive the full benefit of their educational program. We expect elementary students to have all the "kid illnesses" and of course we want them to stay home if they are ill. However, ADA (average daily attendance) below 94% affects the funding of our district. In addition, our county juvenile authorities ask for attendance reports of those families/students that are having a high frequency of absences, 90% or below. Therefore, we ask your cooperation in scheduling Dr. /hair appointments, etc. outside the normal school hours. We hope that our Wednesday late starts will be an additional time for you to schedule appointments. **Please call the school at 927-3322 before 9:00 if it is necessary for your child to be absent from school.**

<i>Number of Absences</i>	<i>Consequence</i>
Any time student is absent and the parents have not contacted the school	School will contact the parent by phone
Accumulation of five excused or one unexcused absences in any semester	Conference with parent and teacher; Clarify expectations
Accumulation of eight excused or two unexcused absences in any semester	Conference with parent and teacher; Create an attendance plan
Accumulation of ten excused or three unexcused absences	In-home visit by school staff member
Accumulation of twelve excused or three unexcused absences	District will determine whether there is reason to suspect educational neglect and if so Social Services will be contacted
More than twelve excused or three unexcused absences	A factor in determining retention or summer school required as a condition of promotion.

## **Student Information Sheet**

An information sheet is to be updated each year at registration for each student. If you did not update yours at this time, please do so as soon as possible. Please fill it out completely with all pertinent names and phone numbers.

## **Visiting School/Instructional Time**

*Board Policy KK and Procedure KK-AP*

North Nodaway welcomes parents, grandparents, and other special visitors anytime. We ask that **everyone** please check into the office and obtain a visitor's pass before going to any room for any reason. All doors are kept locked from the outside. This way the entire staff is aware of visitors and will help insure the safety of our students and protect the instructional time of our students/teachers.

## **Volunteers**

*Board Policy IICC and Procedure IICC-AP*

The Board of Education recognizes that community and parent volunteers make valuable contributions to the district's schools and encourage volunteer participation in district programs. Further, parent and community involvement are essential components of high student achievement. The Board endorses a volunteer program and expects its professional staff to encourage and strengthen community and parent involvement in the schools.

The superintendent or designee will create appropriate procedures for attracting, screening and training community and parent volunteers. Volunteering in the district is a privilege, not a right. The district will conduct screening and criminal background checks before any volunteer is placed in a position where he or she will be left alone with a student. The district may decline the services of any volunteer for any legal reason. All information collected on volunteers will be considered confidential to the extent allowed by law and will only be used to protect the students or minimize disruption to the educational environment.

**Student Discipline**  
*Board Policy JG*

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

**Application:**

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

**Enforcement:**

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required to enforce district policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

**\* ALL North Nodaway R-VI School Board Discipline Policies apply.**

**Student Discipline**  
*Board Policy JG-R*

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on school property, including playgrounds, parking lots and school transportation, or at a school activity, whether on or off school property.

**Reporting to Law Enforcement (see Board policy JGF)**

It is the policy of the North Nodaway County R-VI School District to report all crimes occurring on school grounds to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

**Documentation in Student's Discipline Record**

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

**Participation in Activities**

Students who are suspended or expelled for any reason are prohibited from attending or taking part in any district-sponsored activity, regardless of location, or any activity that occurs on district property. Students who violate this provision will be required to leave the activity and may face further discipline, including an additional period of suspension or expulsion.

## Prohibition against Being on or near School Property during Suspension

All students who are suspended or expelled are prohibited from being on school property for any reason unless permission is granted by the superintendent or designee.

Any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline shall not be allowed to be within 1,000 feet of any public school in the district unless one (1) of the following conditions exist:

## **Student Records**

### *Policy JO and Procedure JO-AP*

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The rights to inspect and review the student's education records. Parents or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate misleading or in violation of the student's privacy. Parents or eligible students should write the principal or appropriate official, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of the student's privacy. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the amendment.

Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her responsibility as authorized by the district. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the US Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. Complaints should be directed to: Family Policy Compliance Office, US Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605

Please notify the district if you do not want this information released.

**Public Complaints**  
*Policy KL and Procedure KL-AP*

This complaint resolution procedure applies to all programs administered by the Department of Elementary and Secondary Education under Federal No Child Left Behind Act of 2001 (NCLB).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with local district policy.

The following steps are to be followed by parents/guardians or the public when questions or complaints arise regarding the operation of the school district or federal programs administered by the Department of Elementary and Secondary Education (DESE) that cannot be addressed through other established procedures.

1. Complaints on behalf of individual students should first be addressed to the teacher or employee involved.
2. Unsettled matters from (1) above or problems and questions concerning individual schools should be presented in writing to the principal of the school. The principal will provide a written response to the individual raising the concern within five (5) business days of receiving the complaint or concern.
3. Unsettled matters from (2) above or problems and questions concerning the school district should be presented in writing to the superintendent. The superintendent will provide a written response to the individual voicing the concern within five (5) business days of receiving the complaint or concern.
4. If the matter cannot be settled satisfactorily by the superintendent, it may be brought to the Board of Education. Written comments submitted to the superintendent or the secretary of the Board will be brought to the attention of the entire Board. The Board will address each concern or complaint in an appropriate and timely manner.

The decision of the Board shall be final except in the case of complaints concerning the administration of federal programs. In that case the complainant may go to the appropriate section of DESE and from there on to the United States Secretary of Education.

The Board considers it the obligation of the professional and support staff of the district to field the questions of parents/guardians or the public. Accordingly, the district will inform patrons of this complaint procedure and its availability.

Complaints regarding district compliance with nondiscrimination laws will be processed according to policy AC. Employee grievances will be processed in accordance with the established employee grievance procedure or as otherwise required by law. All other grievances for which there is a specific policy or procedure will be addressed pursuant to that policy or procedure.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by the Department itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

## **Asbestos Awareness**

*Policy EBAB and Procedure API*

Asbestos is an issue we have been dealing with for many years. The Asbestos Hazard Emergency Response Act of 1986 (referred to AHERA) was enacted by Congress. AHERA was enacted to determine the extent of and develop solutions for any problems a school may have with asbestos.

To give you some background, asbestos has been used as a building material for many years. It is a naturally occurring mineral that is mined primarily in Canada, South Africa, and the former USSR. Asbestos properties made it an ideal building material for insulating, sound absorption, decorative plaster, fireproofing, and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. EPA began action to limit uses of asbestos products in 1972 and most uses of asbestos products as building materials were banned in 1978.

We have recently had our facilities inspected by a verified asbestos inspector, as required by AHERA. The inspector locates, samples, and rates the condition and hazard potential of all material in our facilities suspected of containing asbestos. The inspection and laboratory analysis records were turned over to a professional certified to develop asbestos management plans.

He/she has developed an asbestos management plan for our facilities which include: this notification letter, education and training of our employees, and a set of plans and procedures

designed to minimize the disturbance of the asbestos containing materials, and plans for regular surveillance of the asbestos-containing materials.

A copy of the asbestos management plan is available for your inspection in our administration offices during regular office hours. All inquiries regarding the plan may be directed to our Asbestos Program Manager or to the superintendent's office.

We have begun implementing the asbestos management plan. We are intent on complying with state and local regulations in this area. We plan on taking whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work.

## **A Parent's Guide for Solving Problems at School**

### **North Nodaway R-VI School Board of Education**

Unfairness, misunderstanding, hurt feelings, and conflict are experiences common to us all. When children experience these problems at school it causes difficulty not only for the children, but also for parents and school staff. How to successfully solve problems at school is what this guide is all about.

#### **1. Take your concern to the person closest to the problem.**

No matter where the problem is, take your concern there first. Whether in the classroom, on the bus, or on the practice field, the quickest and easiest solution is usually found with the staff member most directly involved.

It's best if you make time to talk with school personnel regularly, before problems are encountered. Know who your children's teachers, bus drivers, and coaches are and how they may be contacted. Tell them when things are going well, and communicate any concerns you have quickly and openly.

If you call for an appointment to see your child's teacher, why not let them know in advance what the general nature of your concern is? This gives them an opportunity to ask other staff members for information that might relate to your problem or concern. If a personal visit isn't possible, why not call once to state the problem, and during that conversation, offer to call back at a time when you can both discuss the situation in more detail.

The problem you or your child face may be the result of an oversight or misunderstanding that can be easily corrected once it is brought to the attention of the staff member most directly involved. Give them a chance to tackle the problem first.

#### **2. Present your concern to the next level.**

The Principal is responsible for supervision of staff within buildings. The Director of Transportation/Superintendent at North Nodaway R-VI supervises all school bus drivers. Each one is an example of the next level of school personnel that you should contact if the staff member closest to the problem hasn't been able to satisfactorily resolve the situation.

Their ability to help will be improved if you share the steps you've already taken with the staff member closest to the problem, or if you will take time to openly share with them the

reasons why you feel uncomfortable dealing directly with the person who is closest to the situation.

Supervisory personnel will rarely have ready access to the information they need to be of immediate assistance and working through them will often require additional time.

### **3. Talk with the Superintendent of schools.**

Sometimes all the best intentions can't solve a problem. When you believe you've worked hard with those closest to the problem and you've taken the problem to the next level but still haven't achieved a satisfactory outcome, the superintendent of schools is the next place to go.

Keep in mind that the superintendent's day starts early and often ends late in the evening. Part of the superintendent's job requires attendance at area-wide meetings outside the district. As a consequence, a meeting with the superintendent will probably require some advance planning.

### **4. Contact your school board members.**

School board members are elected to represent the interest of all parents and district residents and you should always feel free to tell them your point of view. School board members do not, however, have direct authority in day-to-day school operations. All authority is the result of official actions by a majority of the board at meetings open to the public.

The board's primary responsibility is to make policies that guide the school district. To formally adopt, delete or amend any part of an existing policy recommended by an updating service such as the Missouri School Boards, the Board may vote to accept the recommendations of the policy service. Some changes in policy require a procedure that often takes two or more months. Some policy changes may require substantial public input and consultation with the school district's attorney. These requirements often increase the time required for the board to make a response.

So when should a board member be contacted and what can they do?

Contact a board member .....

- ✓ after other means to solve a problem have been tried
- ✓ when a policy is being enforced but you believe it results in bad consequences
- ✓ when you believe a policy isn't being enforced
- ✓ when policies or procedures are not enforced fairly for all

A board member may take one or all of the following actions:

- ✓ informally discuss the issue with the superintendent or other administrators to consider whether policies or rules should be changed
- ✓ request that the board review the specific policies that relate to the situation
- ✓ propose new policies for the board's consideration
